Subject: Agency Interest No. 998, Agreed Order #: DWM 160048

Mr. Cummins

I am a resident of Estill County and I am for the removal of the TENORM waste in the Blue Ridge Landfill. This is our home, a place to be proud of. This waste was brought in to our community illegally. Now it should be removed. How many different communities get their drinking water from the Kentucky River? If this material makes its way to the river, which is only a short distance from our landfill, we will all pay the price. Please help us, please consider this when making your decision.

Thank you
Morgan C. Wilson
