Subject: Estill County Landfill

Dear Jeff,

I am the Democratic Executive Committee Chair for Estill County and the Vice President of Marketing for the Estill Action Group, but I am speaking as a citizen of Estill County.

I am recommending that Advanced Landfill remove the radioactive waste illegally dumped in Estill County's landfill. The potential long-term economic and environmental impact on Estill County if the waste remains in the landfill cannot be quantified.

Agency Interest No. 998
Agreed Order # DWM 160048

Thank you
