**Subject:** FW: Blue Ridge follow-up meeting

---

Jon Maybrair confirmed that we could include in the meeting everyone that needs to be there to discuss Blue Ridge.

I have included the following:

Todd Hendricks and Jeri Higginbotham since they both have assisted with the project and attended the meeting at the DPH on February 9.  
Arline Litchfield since she is the geologist assigned to the site by Lindsey Brigg and assisted with the site inspection on February 10.

This needs to be a team effort so everyone's area of expertise is utilized to address all the issues at the site.

I appreciate everyone's participation.

George
