That's great. We will call at 11:00.
Thanks again.

I'm on a teleconference now and I have a meeting afterward.

Tomorrow I'm completely open until noon. Feel free to call me any time tomorrow morning.

Subject: RCRA question

Hi Nancy,
I just tried calling you and got your answering service. Donna Seadler gave me your name. I have a question about a company that is taking brine from oil and gas processors and precipitating out the solids. I believe oil and gas processors are exempt from RCRA, but I'm wondering whether the sludges from the other company are exempt. When would be a good time to call you tomorrow?
Thanks for your help,
Jeri
